Happy Number Day!

Today the children arrived into school with their number & shape themed outfits on! Well done to our parents and carers for your creativity—we've had number/shape t-shirts, homemade t-shirts, homemade badges, face paints and even purchased t-shirt with calculators, dice and number sentences on! Thank you for supporting this charity event!

From number songs, to number themed literature the children have experienced an enrichment day to remember. The maths leaders have made today a success, thank you!

The minutes for our Complex Needs parent group will be sent to parents today. We hope to see more of you next time. Please note the date for our whole school community hub meeting for summer term on the calendar to the left.

Have a lovely weekend, Olivia

### Oak Leaves

*In Oak Leaves, our topic is 'the circle of life'. We have been learning about plant and animal life cycles in science and we are reading the story Monkey puzzle in English! We have enjoyed going on spring walks to spot wild flowers, planting sunflowers and green beans and have made stick puppets of characters from our class story!*

**FACE MASKS MUST BE WORN WHILST ON THE SCHOOL SITE. THANK YOU**

Today we have enjoyed participating in the NSPCC Number day. We have loved coming dressed in numbers. Each class has chosen a number song or book to explore throughout the day. This has been through a variety of different ways from sensory activities such as stories and messy play to art. Thank you for supporting us with this and for your kind donations, so far we have raised £176. Charlotte and Wendy Maths Leads
