Highlight of the week:
Year 5 & 6

Upper School Adventures: Survival, Science, and Sports Day! 🏆

What a whirlwind of a half term it has been for Year 5 and 6 so far! We kicked off our epic adventure by diving into the mysterious world of Louis Sachar's 'Holes'. The children have been utterly hooked on life at Camp Green Lake, using this gripping story as the ultimate inspiration to plan and write their own sensational narratives.

Our classrooms have also been transformed into survival hubs as we have been mastering the art of navigation. The children have put their engineering skills to the test by building their very own working, makeshift compasses using nothing but magnets, dry leaves, needles, and bowls of water. Talk about real-world science and geography skills in action!

In science, our brilliant young designers have been busy exploring different materials and foundations. They are combining all this practical knowledge to design and construct incredible, model sustainable houses as part of their DT projects.

On top of all that, energy levels have been through the roof as we practice hard for Sports Day! We've been sprinting, skipping, and cheering each other on in our Upper Key Stage 2 team, and we absolutely cannot wait for the big event next week. We are bursting with pride at the effort and enthusiasm shown by all our Y5/6 superstars this half term so far! 🌟

Please remember that **children under the age of 16 are not permitted to collect their siblings from school**. If a child under the age of 16 comes to collect your child, we will call you and ask you to arrange a suitable guardian to come and collect. We also want to remind you that **dogs are not permitted on the school grounds**.

Class Attendance

15 th - 18 th June		22 nd - 26 th June
99%	Orcas	85%
90%	Turtles	84%
94%	Seahorses	92%
96%	Dolphins	89%
